Fiji Airways Takes Delivery of its First of Two A350 XWBs

Fiji Airways has become the first airline from the South Pacific region to take delivery of the A350 XWB, the world's most modern all new wide-body aircraft. The A350-900 which was delivered following a ceremony in Toulouse, is the first of two A350 XWBs that will join Fiji Airways' fleet. Both aircraft are being leased from Dubai-based DAE Capital. The aircraft are the first to be directly purchased by DAE Capital from Airbus.

Delivering new levels of fuel efficiency, Fiji Airways will operate the A350 XWB on its Nadi-Los Angeles and Nadi-Sydney routes. This will further boost the airline's position as a leading carrier from the South Pacific region, as well as to contributing to the ongoing growth of Fiji's tourism sector and wider economy.

Configured in a two class layout with 334 seats including 33 full flat business and 301 economy class seats, 39 of which are designated as BULA SPACE seats with extra legroom, passengers will enjoy new levels of space and comfort as well as Thales in-flight high definition entertainment systems.

Fiji Airways currently operates a fleet of six A330 Family and will benefit from the common type rating with the A350 XWB which allows pilots and crews to operate on both aircraft types.

My passion for artisan candle making began soon after I had ventured into designing and handcrafting crystal/ gemstone jewellery. Through my years of experience in jewellery designing I received much acclaim and recognition from my customers here and abroad.

I believe that creativity is infinite and if you have the enthusiasm and passion for a certain skill you can harness it anytime. My candle making and coconut shell carving projects entails of many hours of time and patience as it's single handily and manually carved without the use of any power tools. I've been in this creative journey for a year now Whats most interestingly challenging is taking on a carving project that seems most impossible and making it possible. Environment friendly resources such as Beeswax, Soy Wax and Hemp wick is used in this project. A concoction of essential oil fragrances such as Sandalwood, Lemongrass, Vanilla Caramel and Gardenia adds divinity to these candles.

A small percentage of sales through this candle making projects goes towards buying medication for a child suffering from Autism Spectrum Disorder. **Please contact on 9248243 for any inquiries.** Email : jewelsofmonarch@gmail.com
